**Submit your instalment
plan request online at
www.abz-zr.de/tzv**

Please note

that the translation of our application form into your mother tongue is a voluntary service on our part. As German law applies, we can only process your partial payment request if you provide us with the signed application on the German original.

We would like to thank you for your understanding in this matter.

Please note the instructions on page 3.

Pay-off terms and costs

Within an instalment plan agreement with a total term of more than 6 months starting with the invoicing date, the following **financing costs arise**:

Interest per month	
7–12 months	0,43 % p. m.*
13–48 months	0,43 % p. m.

The terms and financing costs (interest per month) will be specified in the instalment plan agreement sent to you separately. Interest is charged from the billing date on the outstanding invoice amount.

* The interest rate is based on the presumption that the instalment plan request is received within 30 days after the invoice date.

The **minimum monthly instalment** is € 25.00; however, the maximum pay-off term is 48 months.

Deferral in payment: To help you overcome any financial difficulties, we grant you a deferral in payment free of charge (max. one instalment per year of duration). A short written message suffices. **Special payments:** You can make special payments free of charge at any time.

Early repayment: The instalment plan agreement can be paid off early at any time and without further costs. You can quite simply request your instalment plan quotation with the attached instalment plan application, or under www.abz-zr.de/tzv.

Examples:

Pay-off term/months from billing date	6 months (no charges)	12 months
Billing sum in Euro	Monthly instalment / Total in Euro (rounded)	
1,000.00	167.00	88.00 / 1.052.00
2,000.00	333.00	176.00 / 2.103.00
5,000.00	833.00	439.00 / 5.258.00
10,000.00	1.667.00	879.00 / 10.516.00
20,000.00	3,333.00	1.753.00 / 21.932.00
Interest per month	0%	0,43%
Effective interest	0%	9,85%
Minimum instalment in Euro	25.00	25.00

The annual effective interest and the amount of the minimum instalment depend on individual factors, e.g. on the receipt of the 1st instalment and the total term (max. 48 months).

Saving on your dental health can get painful and expensive in a couple of years. That is why you should ask your dentist for your optimum care and treatment. With us, the practice is supported by a service provider who can offer attractive financing models for your co-payment.

See how easy the instalment plan can be

You yourself decide on the amount of the instalments or on the pay-off term. So it is up to you how high the monthly costs will be. You also decide whether the individual payments become due at the start or in the middle of the month.

See how the free instalment plan works

Provided you pay your bill in between **two and at most six** equal monthly instalments, **no additional costs** will arise for you as a result of the instalment plan. The only prerequisite is that **your instalment plan request and the first instalment are received by us within 30 days of the billing date**. Moreover, the billing sum must be paid by you in full within six months of the billing date.

Instalment plan application

Yes, I want to use the instalment plan!

Please fill out this form immediately upon receiving your invoice and send it to ABZ-ZR. Please note that your instalment **can only be processed in connection with the ABZ-ZR invoice number**

Invoice no. (please always quote)

Invoice amount

Within a few days, you will receive your individual instalment plan agreement. **Please note:** It is impossible to combine several invoices in one agreement.

Bill recipient

First name/Surname

Street/No.
